FIELD TRIPS & TRANSPORTATION

Field trips to some of Santa Barbara's fantastic recreational and educational sites may be a part of the program. Some field trips may involve walking to a destination. When participants are transported, vehicles inspected by City Motor Pool and approved by the California Highway Patrol, or public buses, trolleys or other City-approved vehicles will be used. Our drivers possess a "Class B" Commercial Drivers License with Passenger Endorsement. Staff is never allowed under ANY circumstances to transport participants in their personal vehicles. As required by law, seat belts will be worn at all times by staff and passengers.

Participants must be well behaved and follow good passenger etiquette. **Please note:** students interested in attending field trips that involve an admission fee, such as the movies, will be required to bring money.

AQUATIC ACTIVITIES

Field trips may be taken to City pools, beaches, or other locations with water. When participants visit an aquatic environment, certified lifeguard(s) with rescue equipment will be present, and, our staff will give a safety and boundary orientation to participants. Free swim lessons may be available for participants that do not know how to swim. Space is limited; if interested, please speak with your Site Director.

MEDICATION

State law prevents City staff from administering or assisting in the administration of medication. Administration of medication is the responsibility of the parent or guardian. If the participant can administer the medication without assistance or reminders, they will be allowed to do so. If not, the parent or guardian must make arrangements with program staff to have someone come to the program site to administer the medication.

ILLNESSES

For the protection of all participants and staff, any participants with an infectious illness or rash, should not

attend the program. If staff becomes aware that a participant is sick, the parents or guardians will be called to immediately pick up the participant. It is important that you discuss with the Site Director any current health conditions or recent treatments your child has had. You may be asked to provide written authorization from your child's physician before your child is cleared to attend or return to the program.

EMERGENCIES

City staff is trained and prepared for emergency situations. Staff will utilize the Emergency Medical System (EMS) 911 consistent with their training. During an emergency, staff will make every attempt to contact parents,

guardians or listed emergency contacts. If emergency medical attention is required and we cannot reach a parent or guardian, your Permission to Authorize Treatment from the Registration Form will be utilized. This authorization is given pursuant to the provisions of section 6910 of the Family Code of California.

Each school has an evacuation plan and an alternative emergency location. The evacuation plan and alternative emergency location will be posted at each site. This plan may be implemented during a fire, natural disaster, or other emergency. Staff will contact and follow the direction of emergency personnel or the school's administration during an evacuation. Staff's role will be to protect and support the participants through this difficult time. The Site Director will contact City Administration, parents and/or designated persons with information on your participant and how to be reunited. You may also contact the Youth Activities Office or the Parks and Recreation Office. The City uses KEYT-TV and local radio to relay information to the public.

CHILD ABUSE POLICY: MANDATED REPORTING

Parks and Recreation Department staff are legally required to report known or suspected instances of child abuse of a child under 18 to a child protective services agency, immediately by telephone and in a written report within 36 hours of receiving information concerning the incident.

CODE OF CONDUCT & PARTICIPANT CONDUCT

To ensure the quality of programs and public safety, we ask all program participants, staff, parents, spectators, coaches, and volunteers to abide by this Code of Conduct:

- All persons shall act with respect towards other persons for their privacy and safety.
- Physical or verbal abuse of any kind will not be tolerated.
- All persons shall treat public and private property and equipment with respect.
- Program rules and regulations shall be observed at all times.

In addition, participants are required to abide by school and any site specific rules.

Our staff utilizes positive reinforcement and a caring atmosphere to encourage good behavior. Staff will promote and model appropriate behavior with clear guidelines and expectations. Inappropriate behavior by a participant will be addressed in a sensitive manner, and the participant will be redirected towards proper behavior. If a behavior becomes so disruptive that it is unacceptable, the participant will be placed on a Behavioral Contract. The goal of this contract is not to remove your child from the program, but to change their behavior. However, if inappropriate behavior continues after the Behavioral Contract is in place, the participant may be asked to leave the program.
