

SANTA BARBARA WILDFIRE RESILIENCY PROJECT

After Action Report (Before and After Photo Documentation) – Honda Valley Park

Post-activity photos may not match the exact location of the pre-activity photos. Some post-activity photos were taken from different, or additional, locations to accurately document the completed vegetation management activities.

 <p>A photograph showing a dense thicket of dark, leafless or sparsely-leaved shrubs and trees in a wooded area. The ground is covered with green grass and some fallen branches. The sky is visible through the canopy.</p>	 <p>A photograph showing the same area after clearing. The dense shrubs have been removed, revealing a sunlit clearing with green grass and a pile of cut logs in the center. The background shows more trees and a clear sky.</p>
